Dear Peter Koenig,

Thank you for submitting on 26 July 2006 an excellent Self-Study Report from the ICN Accredited German Speaking User Group for ICNP® Research and Development. We appreciate all of your group's work in the continuing development, translation, dissemination and application of the ICNP®. The accomplishments of your Centre, as noted in your report, are significant for nursing and healthcare. We have reviewed your terms of reference and work plan for the next three years.

We are very happy to renew the ICN accreditation of the German speaking User Group for ICNP® Research and Development for the next four years: 2007 to 2010. The next self-study will be planned for 2009. We appreciate your leadership role as the first ICNP® Centre to be accredited. We also appreciate your full participation in the ICNP® Centres Consortium.

The ICNP® vision is to be an integral part of the global information infrastructure informing health care practice and policy to improve patient care worldwide. We consider your Centre to have a substantial role in working with us toward that vision.

Yours sincerely,

  
Judith A. Oulton
